The Prenup Queen

Deveney's Story

Deveney Wells-Gibson—widely known as The Prenup Queen—is on a mission to change the narrative around prenuptial agreements and financial transparency in relationships. Her passion for family law was born from personal experience, growing up with a single mother navigating the aftermath of divorce. Determined to empower others in similar situations, Deveney launched Wells-Gibson Family Law, APC in 2021, building a team devoted to guiding clients with empathy and expertise.

Over the years, she witnessed firsthand how divorce can take a toll—not just financially, but emotionally—and realized that prevention is just as important as representation. That insight led her to create The Prenup Queen, a platform dedicated to helping couples build strong, secure partnerships through education, open communication, and intentional planning. Today, Deveney is redefining what it means to prepare for marriage—one prenup at a time.
